

Merry Christmas
and Happy New Year

Season's Greetings from ELITC Management & Staff

恭贺 2012 新年
Prosperous Chinese New Year

THANK YOU FOR ALL YOUR SUPPORT OF AN EVENTFUL YEAR AND MORE GOOD YEARS TO COME!

ELITC offers Training Grant

“LEAP”

What is LeAP?

Learning Assistance Programme (LeAP), initiated by ELITC, is a 90% course funding programme to benefit and reward employees of ELITC Members.

Application is now open to all employees of ELITC Member companies for course fees subsidies in the Nitec in Electronics (Computer & Networking) programme conducted by ELITC.

Our Goals are:

- To incentivise learners to continue in educational pursuits.
- To promote Life-long Learning and Upgrading.
- To reward employees of ELITC Member companies.

Course sponsored under LeAP:

Any of the modules of Nitec in Electronics (Computer & Networking)

Who is eligible for LeAP?

- Open to all employees of ELITC Member companies who are accepted into the Nitec in Electronics (Computer & Networking) programme at ELITC.
- To qualify, companies must be ELITC Member for a minimum period of 2 years.

Terms & Conditions:

- LeAP funding of 90% course fees (including examination fees) is awarded to all those approved for funding.
- Limited to maximum of 10 recipients per module.
- Course fees are to be paid in full by module basis. Re-imbursements will take effect only upon successful completion of each module.
- Application closes on 22nd December 2011.

For more details, kindly contact ELITC.

ATTENTION!

ELECTRONICS INDUSTRIES TRAINING CENTRE Nitec in Electronics (Computers & Networking)

CAAS Aviation Open House 2011

3rd to 5th November 11 @ Downtown East

5S Techniques Awareness

Another iPad 2 Lucky Draw Winner!

Ms Annie Lin, Deputy Director (WDA, Manufacturing & Construction Division) giving away iPad2 to lucky draw winner Justus Chun Jia Ming from ITE Yishun.

Thinking & Reaching Out of the Box!

ELITC, in collaboration with Singapore Workforce Development Agency (WDA), conducted WSQ Module Apply 5S Techniques in Manufacturing to the Tertiary and ITE students in our recent joint outreach activities.

The primary objective is an early introduction of the relevant WSQ modules to students, which is useful not only in their current studies, but is also applicable when they join the workforce in the future.

5S Techniques Workshop @ Polytechnics

Tampines Polytechnic on 9th November 2011

Nanyang Polytechnic on 16th November 2011
