

Greetings everyone,

We have reached towards the end of 2020. Hands down, this has really been a challenging and an eventful year for all of us. To help our members and industry to move ahead in the new year, ELITC has bring forth a few new developments. Part of it includes ELITC Academy, an extended arm of ELITC, collaborating with E2i to run the SGUnited Job Interviews for key industries such as Biomedical Sciences and others. Last but not least, we would like to wish all of our esteemed members, a safe and blessed Christmas. Wishing you well, geared up and high-spirited for the upcoming New Year. We look forward to an exciting year with you.

- ELITC Team

Proud to announce the launch of ELITC's New Website!

A fresh start to the new year! ELITC is proud to announce its newly upgraded website showcasing a new enhanced facelift, coupled with easier navigation throughout the site. We invite you to browse through our site at <http://www.elitc.com> for more insights on our organisation and the programs we offer.

ELITC has fully resumed classes with safe management measures implemented at our premises to keep learning safe amid the Covid-19 situation. If full online training is preferred.

APPLY MIXED REALITY AT THE WORKPLACE

Click here to catch a glimpse on our workshop!

“Good fundamental of the Virtual World,” commented Mr Kelvin Foo from Skyworks, one of the participants of our 2-day *Apply Mixed Reality at the Workplace* workshop that was successfully launched on 22 September 2020.

Partnered with Agilitas Learning, and supported by tech giants such as Microsoft, PTC & Taqtile, we were proud to bring forth a turnkey program that will be the driving force of the future of manufacturing. The workshop included hands-on activities using AR/VR tools such as Hololens 2, Oculus Quest and Realwear, enabling participants to experience immersive technology for themselves.

Reviews from many other participants were very encouraging too and unanimous, many liked the idea of experiential learning and getting their hands on the AR/VR gadgets that were on display. Mr Lim Thein Sean, one of the participants, said that it is an “excellent program to pick up AR skills”.

Apart from the hands-on experiences on various tools and platforms used in AR/VR, participants took away learning skills of how to utilize this technology to optimise their processes, productivity and efficiency, as well as the solutions, considerations, limitations and the impact of AR/VR technology have on their businesses.

So, if you have missed our initial launch, **we will be organising another 2-day run in December 2020. For course outline, please click this [link](#).** If you need more information on the workshop, call us at 64832535 or alternatively, you can email us at emarketing@elitic.com. Register your interest now and we will see you there.

SAFE LEARNING IN 2021

Plan your 2021 Training Calendar with ELITC

Calling all HR Business Partners and L&D Managers! With more than 30 years of industry experience, ELITC is well-positioned to help your organisation on human capital development and training needs.

* Note that prices reflected are non-member rates. Should you like to enquire on member rates, please call us at 6483 2535 or email us at emarketing@elitic.com.

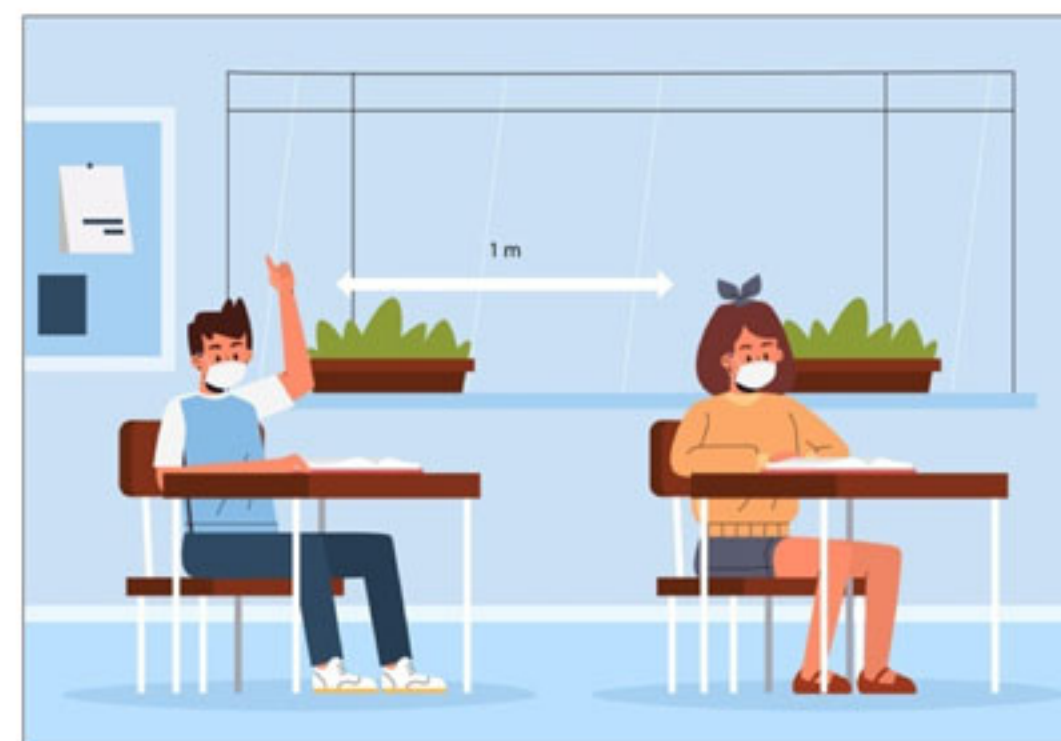

Just a reminder that there is **SkillsFuture Qualification Award**. It encourages Singaporean workers to attain WSQ full qualifications, which equip them with comprehensive and robust sets of skills to perform their jobs competently, pursue career progression, and explore new job opportunities. Singaporean workers who attain a WSQ full qualification can apply for a cash award of \$200 or \$1,000 (disbursed via PayNow). For details, you may refer "<https://programmes.myskillsfuture.sg/QualificationAward/ProgrammeDetails.aspx>".

ELITC: A Safe Place to Learn

At ELITC, we have made stringent measures to ensure that you have a peace of mind when you come by for your classes. SafeEntry, temperature screening, as well as making health and travel declarations are mandatory before anyone is allowed into ELITC's premises. We also ensure that a safe distancing of at least one metre between individual where possible, is maintained at all times during classes.
